Is traceability back to the raw material supplier possible?			

## General information about the company

Year of foundation:

Do you have a research and development department?

Yes

No

No. of employees:

Production:

Admin.:

Quality Management:

What are your core competencies?

Which industry sectors are you delivering to?

Reference customers:

Do you have further branches?  
If yes, which and where are they located?

Current production capacity (in %)  
and is there room for expansion?

---

→ In case of suppliers for turned/milled parts the following information shall be provided:

### General

Machining capabilities

Surface grinding

Circular grinding

Hardening

Coating, plating

Further capabilities:

Own purchasing department for raw material?

Yes

No

## Milling

Machinery	Small (30x10x10mm)	Medium (100x50x30mm)	Max. (    x    x    mm)	
	Quantity:	Quantity:	Quantity:	
Complexity	processing from 3 sides possible	processing from 4 sides possible	processing from 5 sides possible	
production batch sizes (pcs):	1-5	6-50	51-500	>500

## Turning

Machinery	∅ 0,1-20 mm	∅ 21-70 mm	∅ >70 mm	
	Quantity:	Quantity:	Quantity:	
Powered tools possible?			Yes	No
Processing from rod possible?			Yes	No
Processing with feeder possible?			Yes	No
Production batch sizes (pcs):	1-20	21-100	101-500	>500
